July 6, 2011

Dear Parent/Guardian,

We would like to welcome you and your child to the Summer of Success 2011 program. The program meets four days a week, Monday-Thursday, starting July 5, 2011 and ends August 4, 2011 for a total of 19 instructional days. Students that need to take exams will also come in on August 8, 2011 (Math) and/or August 9, 2011 (ELA). During the 19 instructional days your child will be working on the skills necessary to achieve two goals:

1. A high level two on their Promotion Portfolios
2. Pass the test in ELA and /or Math.

Both goals are required to be promoted to the next grade.

To support your child in meeting these two goals it is very important that they are in attendance for all 19 instructional days, participate in class, complete all assignments, behave well, and take the test. On or about July 21, 2011, your child will receive a Mid-Progress report that will indicate his/her areas of strength and the skills that need improvement.

We look forward to your cooperation and commitment to ensure sure that we achieve our goals of supporting your child to make progress in the Summer of Success 2011 program.

Thank You

Richard A. Dixon
